Subject: Notification of Colorado Environmental Achievement Award

Dear Mr. Miller:

I am writing to congratulate TASROP Inc. on being nominated for, and awarded, an Environmental Achievement Award from the Colorado Department of Public Health and Environment (Department).

The Environmental Achievement Award, administered through the Department's Environmental Leadership Program, recognizes the voluntary and significant environmental achievements of Colorado businesses and organizations. Your company was nominated for an Achievement Award for TASROP Inc.'s reduction of water and chemical use in the powder-coating process, as well as development and promotion of products that are beneficial to the environment and commerce. These efforts are what the Department strives to recognize when awarding an Environmental Achievement Award.

As a silver level (Achievement Award) member of the Environmental Leadership Program, the Department will publicly recognize the voluntary and significant environmental achievements of your company. In addition, the program offers silver level members a number of incentives as a reward for achieving environmentally beneficial results. For example, two of the most utilized incentives include use of the Environmental Achievement Award logo and participation in the annual fall awards event that is scheduled this year for the morning of September 24, 2004.

Over the next two weeks you will have an opportunity to learn more about the Environmental Achievement Award and the benefits associated with being part of Colorado's Environmental Leadership Program when Nicole (Nikki) Mathis of my staff and the Administrator of the Environmental Leadership Program contacts you. In the meantime, feel free to contact Nikki at (303) 692-3477 or via e-mail at [nicole.mathis@state.co.us](mailto:nicole.mathis@state.co.us) if you have questions.

Sincerely,

Douglas H. Benevento  
Executive Director
